

16 February 2010

Great News! In just a little less than 9 months the Couples Cruise will set sail!  
Today you can log in and complete **Online Check-in** and print a **SetSail Pass**. The process takes about 20 minutes. If you are missing information, you can always log back in and finish later.

Here are the details we have. Please contact us if any corrections are needed:

### **What do I do if all I see is a world map?**

Click the region of the cruise departure (North America, Florida) until you get to a log in screen.

***TIP: Cruised Royal Caribbean previously?** This cruise is a little different. You will NOT be able to add this cruise to your 'My Cruises Account.' You can add your Crown & Anchor Society number.*

**What information will I need?** Have your Royal Caribbean Booking #, passports, credit card (for on board charges) and your flight information, if you have it.

***TIP:** If you have not booked your air travel, no problem. Select 'private vehicle' and enter it at a later time.*

When you complete **Online Check** print your **SetSail Pass**.

To view other features look towards the top of the page for **Exit and Review Reservation**.

Closer to the departure date you will be able to visit this page and book **Cruise Enhancements**... things like wine packages, dinner reservations, and shore excursions.

***TIP: Shore excursions** like Passion Island will be added to Royal Caribbean's system and available for booking about 5 months prior to sailing.  
You can count on TSC to notify you as soon as those excursions are available.*

If you have any questions at all about the log in process simply call Royal Caribbean directly and they will walk you through it, the number is: 800-398-9819. They are super helpful and friendly, I already spoke to them!

Have you booked your Hotel for the Night Before the Cruise? Are you coming to the Stow Away Party in Ybor City The Night Before the Cruise? <http://www.thenightbeforethecruise.com>  
Looking forward to seeing you then!

Sincerely,  
Lynn and Fred
