Scheduling of Shore Excursions

When planning your shore excursions, please keep in mind the following:

1. Most tours depart from the pier. At the completion of the tour, you will be returned to the pier unless you elect to leave the tour en route. In that case, it will be your responsibility to secure transportation back to the pier.
2. In most ports it is possible to participate in more than one tour. When planning your day, it is advisable to plan at least one hour between your tours.
3. All guests are to be aboard the ship no later than 30 minutes prior to the scheduled sailing time. The scheduling of all shore tours conforms with this requirement. However, if you elect to leave a tour en route, or go ashore on your own, it is your responsibility to return to the ship on time.
4. Kindly note that tour times provided online may be earlier than the vessels scheduled arrival to a port of call. The time listed may be in local time as provided by the tour operator. The most accurate tour departure time will be provided directly onboard the vessel.

No refunds are made for failure to use all of the described services included in the tour price. Cancellations by guests must be made prior to the closing deadline advised directly onboard the ship. Under no circumstances will refunds be made after an excursion has commenced.

SeaPass Card

Remember to take your SeaPass Card with you whenever you go ashore. It will serve as your Identification Card which you will be required to show to the officer on duty before re-boarding the ship.

Weather

Most tours will operate rain or shine. However, full refunds will be made to guests holding tickets for canceled shore excursions. In the event of a tour cancellation, every effort will be made to accommodate guests on other available tours.

Helicopter Weight Requirements

Due to weight restrictions on board helicopters, all participants must register their body weight at the time of booking. This is a requirement of the helicopter companies to ensure guest safety and comfort.

The Shore Excursions presented in this brochure require the guest to use a motor coach or other form of transportation which will require the guest to step up 2 to 3 steps, approximately 10 inches high each. Most (but not all) motor coaches used can accommodate collapsible wheelchairs. However, it should be noted that escorts, drivers, guides, and shipboard staff are not obliged to lift guests into the vehicles. Lift-vans and/or coaches are not available in all ports of call. Tendering may preclude guests in wheelchairs from going ashore at certain ports of call. For further information, please check with the Shore Excursion desk on board immediately upon arrival.
